

# DO STRICTER GUN LAWS REDUCE FIREARM GUN DEATHS?

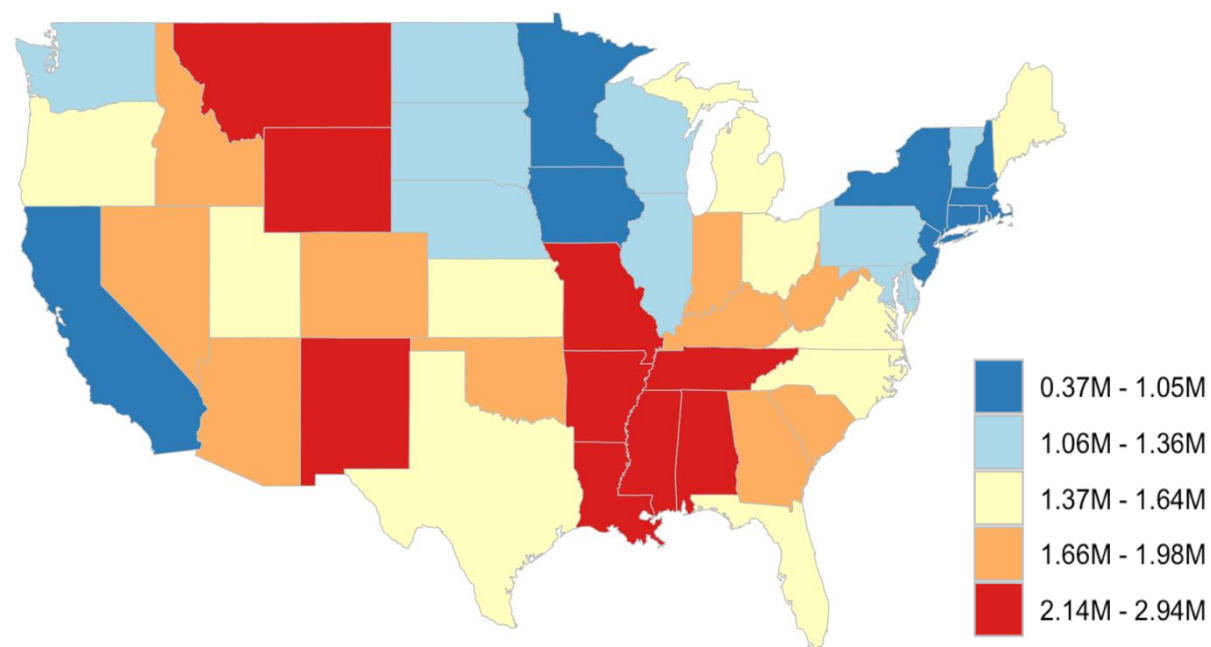

Story 3

Data 608

Naomi Buell

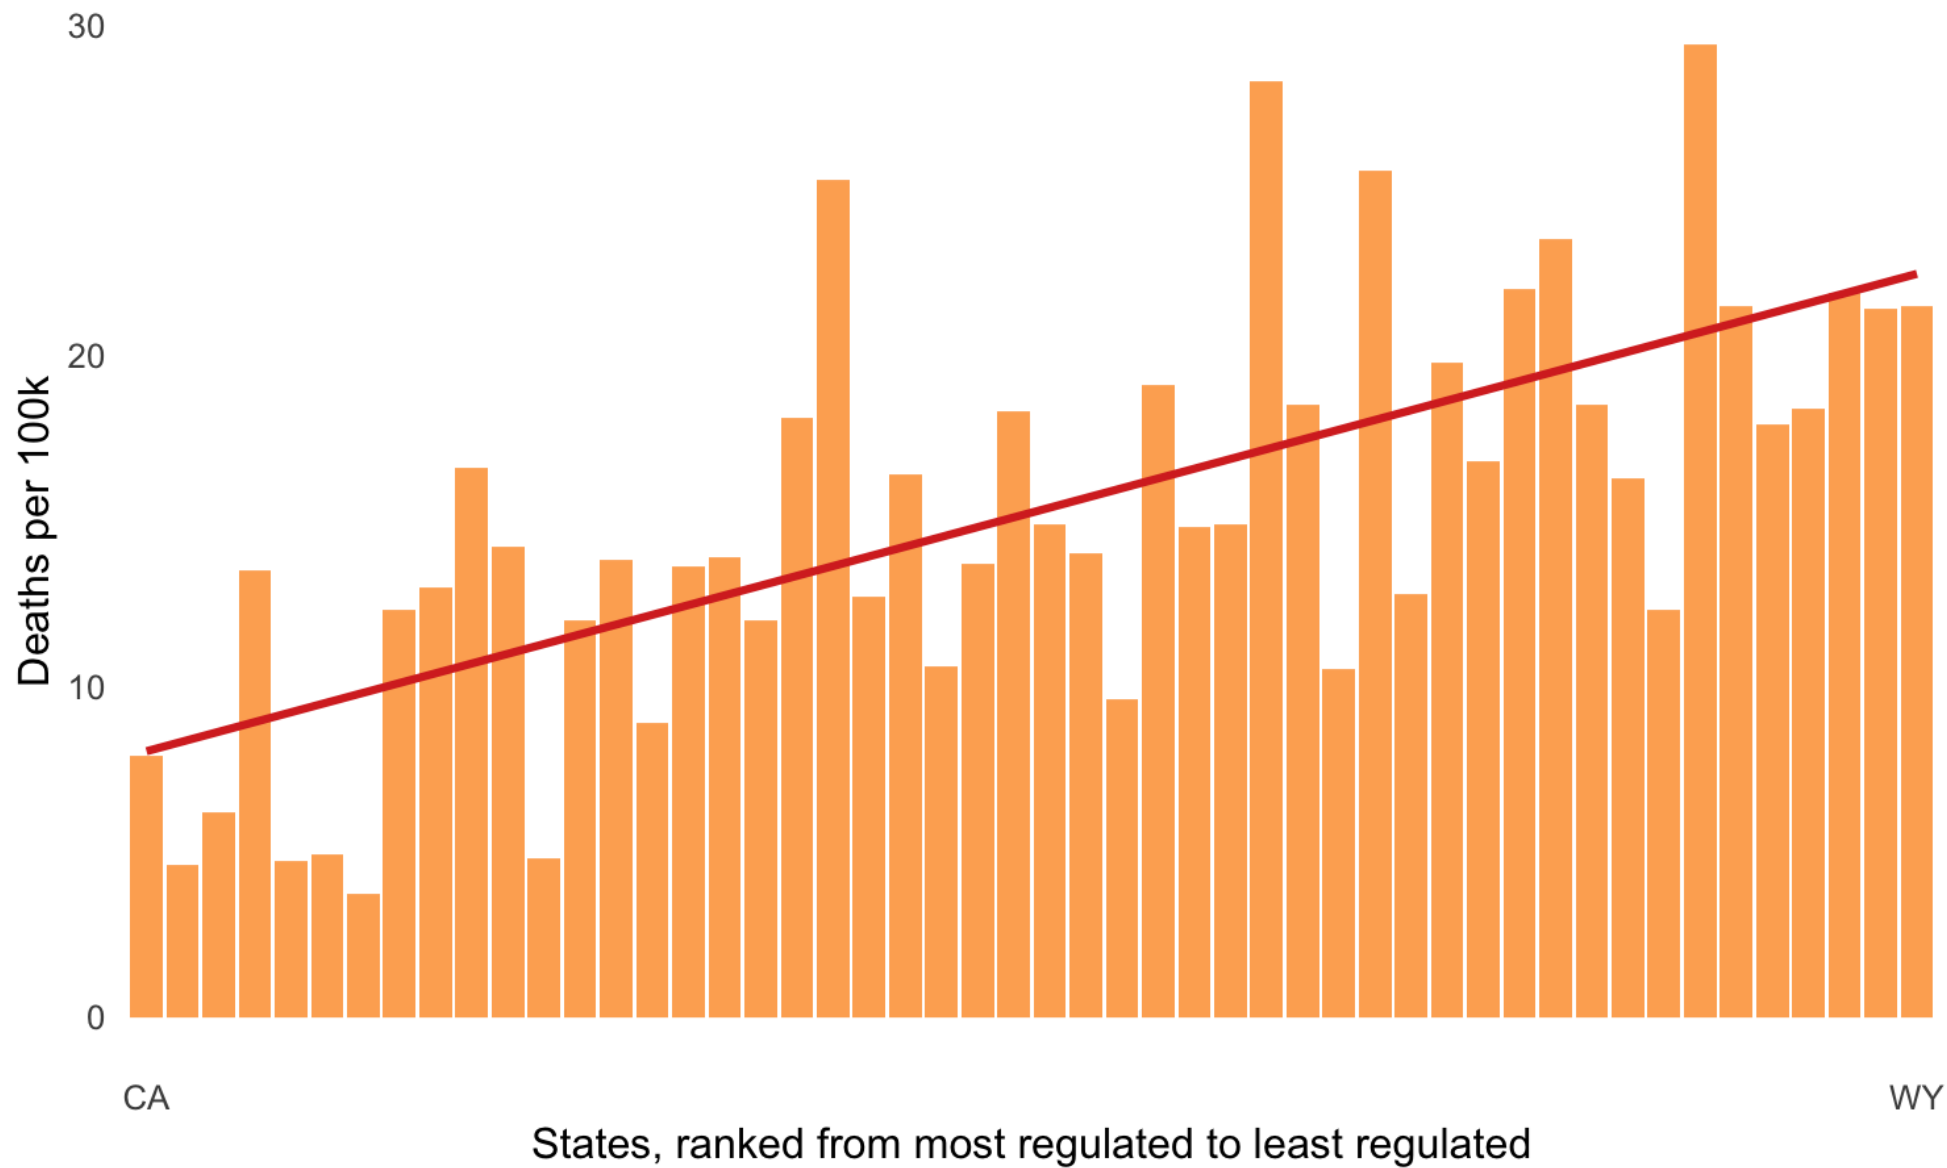

Gun regulation grade

Deaths per 100k

STATES WITH THE **STRONGEST GUN** LAWS ALSO HAVE **FEWER GUN FATALITIES**, INDICATING THAT **STRICTER LAWS REDUCE FIREARM DEATHS**.

Each rank looser in gun regulation is linked to **3 more deaths per million**, annually.

A large orange circle is positioned on the left side of the slide.

CONCLUSION:

**Yes**, stricter gun laws reduce firearm gun deaths.
